

REMARKS

Applicants note that the amendments made to the claims proposed herein begin from the status of these claims resulting from entry of the February 4, 2009, Examiner's Amendment and not from the claims filed prior to the Notice of Allowance. The amendment made to Claim 41 is directed to inserting the word "not," which was inadvertently omitted from the examiner amended version of that claim. The amendment made to Claim 54 is directed to inserting the word "the," which was inadvertently omitted from the examiner amended version of that claim. The amendments made to Claims 51 and 57 are directed to rendering those claims consistent with the examiner amended versions of independent Claims 41 and 54, wherein the term "server" should be replaced with the term "another network infrastructure device" included in the independent claims. It is hereby requested that these claim amendments be entered in this Application.

Thank you for your attention to this matter.

Respectfully submitted,
